

# How to Create a New Quote in Comodo CRM (Customer Relationship Management)

Open CRM > click 'All' > 'Quotes'

- A quote is a statement of offered services and prices sent by a seller to a prospective buyer.
- ITarian CRM lets you create quotes for individual products, services or packages containing various items. You can associate quotes with customers, contacts or leads as required.

There are four ways to create quotes:

1. **Create a new quote** - Setup a new quote from scratch.
2. **Clone a quote** - Duplicate an existing quote and use it as the starting point of a new one.
3. **Create a quote from other modules** - Create a quote from the organization, contact or product interfaces.
  - Open one of these interfaces > Open a record > Click 'Quote' in the right-hand menu. See [this page](#) in the CRM guide if you need help with this.
4. **Import quote records** - Bulk import quotes from .csv or .vcf file.

This wiki explains 1), how to create a quote from scratch.

- [The quotes interface](#)
- [Create a new quote](#)
  - [Quote details](#)
  - [Address details](#)
  - [Description](#)
  - [Item details](#)
- [Generate a PDF file of a quote](#)

## The quotes interface

- Login to Comodo One / Dragon
- Click 'Applications' > 'CRM'
- Click 'All' > 'Marketing & Sales' > 'Quotes':

The interface shows all existing quotes generated by your company:

- **Subject** - The name of the quote. Click the subject to edit the quote.
- **Quote stage** - The status of the quote. Possible values are:
  - **Created** - Quote has been saved, but may or may not have been finalized internally. It has not yet been delivered to the customer.
  - **Delivered** - Quote has been sent to the customer.
  - **Reviewed** - The quote has been analyzed by the customer and currently liaising over terms of the sale.
  - **Accepted** - The customer has approved the quote.
  - **Rejected** - The customer did not accepted the quote

- **Opportunity name** - An opportunity is a lead which has developed into a potential sale. This column shows the opportunity with which the quote is associated. See [this wiki](#) to read more about opportunities.
- **Organization name** - The customer associated with the quote.
- **Total** - Total charges for all items in the quote.
- **Assigned to** - The sales person who is responsible for the quote.

**Create a new quote record**

- Click 'All' > 'Marketing & Sales' > 'Quotes'
- Click 'Add Quote'

The screenshot shows a software interface for managing quotes. At the top, there is a table with columns: Subject, Quote Stage, Opportunity Name, Organization Name, Total, and Assigned To. A red circle highlights the '+ Add Quote' button in the 'Actions' column. Below the table is a form titled 'Creating New Quote' with a 'Save' button and a 'Cancel' link. The form is divided into two main sections: 'Quote Details' and 'Address Details'. The 'Quote Details' section includes fields for Subject, Quote Stage, Contact Name, Shipping, Organization Name, Opportunity Name, Valid Until, Carrier, Inventory Manager, and Assigned To. The 'Address Details' section includes options to copy billing and shipping addresses from Organization, Contact, or Shipping Address.

The new quote form lets you setup quote details, address and shipping information, terms and conditions, products/services, and taxes/charges/deductions. It has four areas:

- [Quote details](#)
- [Address details](#)

- [Description](#)
- [Item details](#)

### Quote details

✖

Quote Details			
<b>* Subject</b>	<input type="text"/>	Opportunity Name	<input type="text" value="Type to search"/> <input type="button" value="Q"/> <input style="border: none; padding: 0 5px;" type="button" value="+"/>
<b>* Quote Stage</b>	<input type="text" value="Select an Option"/> ▼	Valid Until	<input type="text"/> <input type="button" value="📅"/>
Contact Name	<input type="text" value="Type to search"/> <input type="button" value="Q"/> <input style="border: none; padding: 0 5px;" type="button" value="+"/>	Carrier	<input type="text" value="Select an Option"/> ▼
Shipping	<input type="text"/>	Inventory Manager	<input type="text" value="Type to search"/> <input type="button" value="Q"/> <input style="border: none; padding: 0 5px;" type="button" value="+"/>
<b>* Organization Name</b>	<input type="text" value="Type to search"/> <input type="button" value="Q"/> <input style="border: none; padding: 0 5px;" type="button" value="+"/>	<b>* Assigned To</b>	<input type="text" value="Coyote"/> ▼

**Subject** - Create a name for the quote (mandatory). For example, you might name the quote after the customer or after the products/services involved. Users can always change the subject after cloning a report.

**Opportunity Name** - Associate the quote with an existing sales opportunity (optional).

- Click the search icon to choose an existing opportunity
- Click '+' to create a new opportunity

**Quote Stage** - Select the current status of the quote. See [above](#) for descriptions of the quote stages.

**Valid Until** - The expiry date of the quote.

**Contact Name** - The person in the customer organization for whom the quote was created (optional).

- Click the search icon to choose an existing contact
- Click '+' to create a new contact

**Carrier** - The shipping company who will deliver the products. (optional).

**Shipping** - Add general notes about delivery that are not covered elsewhere. For example, 'Same Day shipment required' (optional).

**Inventory Manager** - The person responsible for shipping the order to the account or contact.

- Click the search icon to choose an existing manager
- Click '+' to create a new manager

**Organization Name** - The customer for whom the quote is intended (mandatory).

- Click the search icon to choose an existing customer
- Click '+' to create a new customer

**Assigned To** - The staff member responsible for the quote (mandatory). This may be the same staff member responsible for the lead, for the opportunity, or for the organization.

### Address details and Terms & conditions

**Address Details**

--------------------	---

**Copy Billing Address from** - Copy the billing address from the organization, contact or shipping address.

**Copy Shipping Address** - Copy the shipping address from the organization, contact or billing address.

**Billing Address** - The address to which you will send the invoice for the products in the quote.

**Shipping Address** - The delivery address for the products in the quote.

**Terms & Conditions** - The content of your standard legal terms. You can view and edit this content as follows:

- Click the cog at the top-right > 'Other Settings' > 'Inventory: Terms and Conditions'

### Description

**Description Details**

Description	<input style="width: 95%; height: 40px;" type="text"/>
-------------	--

Enter any comments about the quote and/or products therein. This is visible in the final quote.

### Item details

Item Details		Currency <input type="text" value="USA, Dollars (\$)"/>		Tax Mode <input type="text" value="Group"/>	
<b>Tools</b>	<b>*Item Name</b>	<b>Quantity</b>	<b>List Price</b>	<b>Total</b>	<b>Net Price</b>
⋮	<input type="text" value="Type to search"/>	<input type="text" value="1"/>	<input type="text" value="0"/> (-) Discount : Total After Discount :	0 0 0	0
<input type="button" value="+Add Product"/> <input type="button" value="+Add Service"/>					
		<b>Items Total</b>	0		
		<b>(-) Discount</b>	0		
		<b>(+) Shipping &amp; Handling Charges</b>	<input type="text" value="0"/>		
		<b>Pre Tax Total</b>	0		
		<b>(+) Tax</b>	0		
		<b>(+) Taxes For Shipping and Handling</b>	0		
		<b>Adjustment</b> <input checked="" type="radio"/> Add <input type="radio"/> Deduct	<input type="text" value="0"/>		
		<b>Grand Total</b>			
				<input type="button" value="Save"/>	<input type="button" value="Cancel"/>

**Currency** - Choose the currency used for the product prices, taxes and any discounts. You can define the currencies you support in the settings interface:

- Click the cog icon at top right > 'Currencies'
- You can also use the currencies page to edit conversion rates.
- See [this page](#) in the CRM guide if you need more help with currency types.

**Tax Mode** - Choose whether to apply group or individual product taxes

- **Group:** Apply the common tax rate to all products in the quote.
  - Click the cog icon at top-right > 'Tax calculations' to view and manage tax types and rates.
  - See [this help page](#) for more help with common tax rates in CRM.
- **Individual:** Apply specific tax rates to each product. Individual tax rates are defined in each product's details page.

The table lets you add products and services one-by-one to the quote.

**Tools** - Delete an item or re-position it in the list.

**Item Name** - The product or service you want to add to the quote.

- Type the first few letters of the product and choose from the suggestions

OR

- Click the  icon to select from your product list.

Note - You must already have added the products to the CRM inventory before you can add them here.

- See [this page](#) for help to add products to CRM
- See [this page](#) for help to add a service to CRM

Click 'Add Product' or 'Add Service' as required.

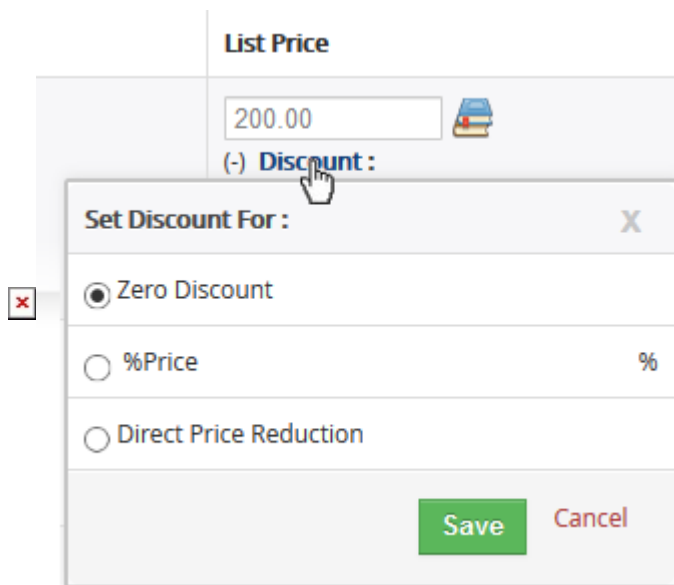

**Quantity** - The amount of the product/service you want to add to the quote.

**List Price** - The list price is auto-populated if a price has been defined in the product's detail page.

You can also specify / edit the price as follows:

- Enter the price manually.
- Click the book icon and select a price book. See [this page](#) for help with price books.

**Discount** - Mark-down the list price by a certain %.

The screenshot shows a 'List Price' field containing the value '200.00'. Below the field is a dropdown menu labeled '(-) Discount :'. The dropdown menu is open, showing three options: 'Zero Discount' (selected with a radio button), '%Price' (with a radio button and a '%' symbol to its right), and 'Direct Price Reduction' (with a radio button). At the bottom of the dropdown menu are two buttons: 'Save' (green) and 'Cancel' (red).

- 'Zero Discount' - No discount/charge full price
- '%Price' - Mark-down the price by a certain %
- 'Direct Price Reduction' - Knock off a specific amount in the currency of the quote

**Total After Discount** - Price after discounts are applied.

The following fields show your calculated charges:

- **Items Total** - Total price of all products and services in the quote.
- **Discount** - Total discounts across all products and services.

- **Shipping & Handling Charges** - Enter the shipping and handling charges for all items.
- **Pre-Tax Total** - Total price of all products and services before taxes are applied.
- **Tax** - Click the 'Tax' link to view tax rates. This field only appears for 'Group' tax mode.
- **Adjustments** - Specify if there are any adjustments like discounts or extra charges on the taxable amount.
- Click 'Save' to create the quote.

The quote is now associated with the sales opportunity, contact and / or the customer.

### Create a PDF file of the quote

- Click 'All' > 'Quotes'
- Click on the subject of a quote to open it
- Click 'More' > 'Export to PDF'

The screenshot shows a CRM interface for a quote titled 'Theertha Water Purifier'. The quote details are as follows:

Quote Details	
Subject	Theertha Water Purifier
Quote Number	QU05
Valid Until	2017-05-31
Carrier	
Inventory Manager	
Assigned To	Coyote

The 'More' dropdown menu is open, showing the following options:

- Delete Quote
- Duplicate
- Export to PDF
- Send Email with PDF** (highlighted)
- Generate Invoice
- Generate Sales Order
